LeetCode

Career Objective

- To start my career in a growth-oriented organization.
- To apply my technical and problem-solving skills effectively.
- To learn new skills and contribute to the team's success.

Education

Chandigarh University

Bachelor of Science in Computer Science — CGPA: 8.68

August 2023 – August 2027

Mohali, Punjab

Skills

- **Languages & Frameworks:** C/C++, Python, JavaScript, HTML, CSS, SQL, React
- **Tools & Databases:** VS Code, Git, GitHub, Mongo DB, Firebase, MySQL, Google Cloud, Figma, Canva
- **Concepts:** Data Structures and Algorithms, OOPS, DBMS, Machine Learning, Generative AI

Experience

Web Development Intern – In-house Training

May 2025 – July 2025

Chandigarh University, Punjab

- Completed 6-week full-stack training using HTML, CSS, JavaScript, React.js, Python, and MySQL.
- Developed multiple responsive and dynamic web applications.
- Collaborated on team projects using Git and Firebase.

Projects

Anony Talk | React.js, Vite, Node.js, Express, SQLite, AI Chatbot

- Built an anonymous mental health support platform where users can share emotions and experiences without revealing identity.
- Implemented anonymous posts, peer chat, avatar-based identity, motivational content, and an AI chatbot for emotional support.
- Designed a safe, empathy-driven space using a unique “relate” interaction model.

Student Performance Predictor Pro | Python, FastAPI, React, Vite, TypeScript, Machine Learning

- Built a machine learning-based platform to predict student performance risk and generate explainable insights.
- Developed FastAPI backend endpoints for prediction, uncertainty analysis, intervention recommendations, and authentication.
- Integrated model artifacts with a Vite + React frontend for interactive student performance analysis and deployment readiness.

Achievements and Certifications

- * **Machine Learning A-Z [2026]: ML, DL, AI with AWS, Python** – Udemy, 49.5 hours.
- * Led **SIH (Smart India Hackathon)** teams in both **2023 & 2024** editions.
- * Selected as **Internshala Student Partner**, promoting internship culture and awareness on campus.
- * Member of **Geeks for Geeks**, attending technical sessions, workshops, and peer-learning activities related to coding and internships.
- * Solved **190+ DSA problems on LeetCode**, improving logical thinking and coding speed.
